Ms Jackson
Acting Chief Executive
London Borough of Croydon

Dear Ms Jackson

Annual Review Letter 2025–26

I wrote to you in May with your annual summary of complaint statistics from the Local Government and Social Care Ombudsman for the year ending 31 March 2026. In that letter, I explained that where we had concerns about your organisation's complaint handling, or to highlight exceptional performance, I would write again, and I have set out our experience of your organisation's complaint handling below.

As a reminder, [your annual statistics are available here](#).

In addition, you can find details of the decisions we have made about your organisation, read the reports we have issued, and view the service improvements your organisation has agreed to make as a result of our investigations, as well as previous annual review letters.

This letter will be published on our website on 15 July 2026.

Your organisation's performance

Last year, I raised concerns about your Council's timeliness in complying with our recommendations and responding to our enquiries. It is therefore disappointing that similar issues have persisted.

We recorded your Council's compliance with our recommendations in 35 cases during the year. In 15 of these, compliance was late. Most delays related to personal remedies, such as apologies and payments, causing unnecessary waiting and frustration for complainants. These actions should be straightforward to deliver. Delays also affected service improvement actions.

Where timescales for recommendations are not achievable, the Council should raise this at the draft decision stage of the process. We aim to set realistic timeframes but cannot accept indefinite deadlines given the continued risk of similar issues affecting others.

This is the fourth consecutive year in which I have raised concerns about such delays. I again ask the Council to ensure there is effective oversight of agreed recommendations, so they are delivered promptly, and that any anticipated delays are communicated in advance.

We also saw delays in responding to our investigation enquiries, with deadlines missed in 65% of cases. This affects our ability to progress investigations. In two housing cases, the delays were such that we took the unusual step of threatening to issue a witness summons before we received the information we needed.

I note the Council has begun a programme of improvement, including its handling of housing complaints and responses to our enquiries. I welcome the engagement with my office over the past year and expect this to continue.

Supporting complaints and service improvement

We remain committed to supporting the sector to embed effective systems of redress. Where authorities are navigating reorganisation and devolution, we are ready to help ensure that robust complaint handling is built into new arrangements from the outset. Please do get in touch if your organisation would benefit from our advice and guidance.

Our [Complaint Handling Code](#), in force since April 2025, is now applied in our casework and offers structure and support to your local complaint system. Our training programme provides a flexible, expert-led route to building complaints capability across your teams, with courses open for individual delegates to book. Contact training@lgo.org.uk for more information.

Our Annual Review of Local Government Complaints will be published next week, setting out the national picture of complaints, trends across service areas, and emerging systemic issues. We encourage you to read it alongside your own organisation's data.

Yours sincerely,
